## Services

Transition services, such as vocational training and housing assistance, are designed to help young people with foster care experience transition to adulthood. Participation in federally funded transition services provides a window into how well young people are being equipped for employment, education and housing.

## Young Adult Outcomes by Age 21

Research shows that young adults who experienced foster care have worse outcomes than their peers in the general population across a variety of spectrums — from education to employment to housing to early parenthood. Examining data on these outcomes in Georgia is important as we strive to improve the practices, programs and policies that help ensure these young people have the relationships, resources and opportunities they need for well-being and success.
