

guide to the lifelong families fidelity measurement inventories and forms

LIFELONG FAMILIES

FORM A

These forms are used to assess teaming preparation that occurs in the individual and joint meetings.

- A-1 is for youth
- A-2 is for team members (birth parents, resource parents and any community supports or other significant people)
- A-3 is for the CFS social worker

FORM B

These forms are used to assess the large team meetings.

- B-1 is for youth
- B-2 is for team members (birth parents, resource parents, and any community supports or other significant people)
- B-3 is for the CFS social worker

FORM C

This is the people-finding form completed by the CFS social worker only.

FORM D

These forms are for assessing youth permanency preparation once a permanent family has been identified.

- D_1 is for youth
- D_2 is for the CFS social worker

FORM E

These forms are to assess the structured collaboration toward permanency with the state social worker.

- E-1 is for the state social worker
- E-2 is for the CFS social worker

FORM F

These forms are for assessing family permanency preparation once a permanent family has been identified.

- F-1 is for the caregiver
- F-2 is for the CFS social worker
